# PARTS AND LABOR WARRANTY

Diesel Sales 55 W Wacker #1120 Chicago, IL P: 312.368.7997

Validation #:

## 1yr/100,000 mile/ (1600 hour) parts & labor warranty whichever comes first — Effective 1-1-22

Engines warranted to be free from defects of workmanship and material under normal use and service. All engines come with a 12month/100,000-mile (1600 hour) parts & labor warranty whichever comes first. From the engine purchase date. Year 1:12month/100,000-mile (1600 hour) warranty 100 % Parts and labor on complete engine.

NOTE: On EGR engines the only way the VPODS will be covered under warranty is if you have proof of the air dryer being replaced atthe time of installation. Usually, the failure of a VPOD is through contamination through the air dryer.

Non-Engine Add on Components: Jake brakes, alternators, starters, power steering pumps carry a 1-year parts replacement warranty only – no labor.

## Warranty limitations

Manufacturer is not responsible for failure resulting from owner or operator abuse or neglect, such as: operation without adequate coolant, fuel, or lubricants: over fueling, over speeding, lack of maintenance of lubricating, cooling, or intake systems: fuel contaminated or water in fuel, in proper storage, warm up, run in and shut down. An overheating problem causing engine damage is not warrantable. Shut Down systems must be in working order! Warranty is voided if the engine shows signs of overheating. We reserve the right to pick up the engine or tow the vehicle in question. Injector replacement: Manufacturer will only pay a maximum of \$1,000.00 for labor if it is at an authorized Detroit dealer and a maximum of \$500.00 if the work is done at a non-dealer. ECMs will only pay a maximum of 2 hours to diagnose any issues if ECM has failed. We will pay a maximum of \$3,500.00 for removing and replacing engine. Manufacturer will only pay a maximum of \$150.00/hr labor rate at any Detroit Dealer and \$75.00/hr for non-Dealers. Towing and road calls are not covered. Towing is not covered. Any unauthorized modification to the engine will void the warranty. Deleting the EGR of emissions engines will void warranty.

If the vehicle did not originally come with a Series 60 Detroit engine, the warranty may not be valid at a Detroit Dealer. Warranty may be void.

#### Responsibilities

Manufacturer Will pay for all parts and labor needed to repair the warrant-able engine failure to functional condition existing immediately prior to failure, including progressive damage to the engine in which the part was installed. Labor costs will be paid in accordance with published labor flat rate times. NO OVERTIME or HOLIDAY rates will be allowed. Break in oil is to be changed at 2,500 miles or 50 hours. DO NOT LET ENGINE IDLE FOR LONGER THAN 5 MINS FOR THE FIRST 20,000 MILES/150 hours OR RING DAMAGE WILL OCCUR AND WARRANTY WILL BE VOID.

#### **Claim Procedure:**

1-Customer is to record all maintenance procedures as applicable on reverse side of form.

Signed

2-Customer is to contact Manufacturer for authorization before engine is repaired.

3-Customer is responsible for returning all defective parts to the dealer with our purchase invoice, so the customer is not out any money at the time of repair. Unless noted otherwise.

4-Any un-authorization of repair or assessment will void warranty.

5-Warranties will be paid according to the guideline of this certificate.

6-A copy of this form, front and back must accompany all claims.

It is imperative that a responsible company representative keeps this form up to date and in a safe location.

Caution Not to Void warranty all ECM print outs must include Serial Number, Mileage, and injector codes along with warranty card, before engine is put into service.

Signed \_\_\_\_\_ Manufacturer Representative

Customer Representative

Customers please fill out completely and email to info@dieselales.com, warranty will be voided if engine is put into service prior to notification of installation date and if a copy of this certificate is not received within 5 days after delivery. It is the customer's responsibility to call and request the validation#. Your warranty will then be considered legitimate and in effect.
